PROFESSIONAL SUMMARY

Full Stack Developer with **3+ years** of experience delivering **scalable enterprise solutions** using **Java, JSP, J2EE, Spring Boot**, and **SQL**. Proficient in **frontend and backend development, REST API design, database optimization**, and **SDLC** practices. Skilled in **DevOps, containerization (Docker)**, and **cloud services (AWS)**. **Committed to clean code, team collaboration, and secure, high-performance software delivery.**

TECHNICAL SKILLS & EXPERTISE

Java	JSP	SpringBoot	Jira	C#
Ruby	Node.js	SQL	Typescript	Vue.js
React.js	Express.js	Docker	GCP	SDLC
Javascript	Restfull APIs	J2EE	AWS	CI/CD

HIGHLIGHTS & QUALIFICATIONS

- **3+ years** of experience in **Java, JSP, J2EE** application development and support.
- Strong grasp of the **SDLC**, including design, development, testing, and deployment.
- Proficient in **RESTful API** development and **SQL/PL-SQL** database integration.
- Skilled in **React.js, Vue.js**, and modern **JavaScript** libraries.
- Experience with **Spring Boot, Java EE**, and **.NET Core** backend services.
- Knowledge of **Docker, Podman**, and **CI/CD** pipelines via **GitHub Actions**.
- Practical experience with **AWS (Lambda, S3, CloudWatch)** for cloud scalability.
- Strong in **debugging, problem-solving**, and supporting production systems.
- Agile team contributor with exposure to **DevOps** practices.
- Implemented **JWT, OAuth2**, and secure coding standards for authentication.
- **Adaptable, communicative**, and proactive in team environments.

PROFESSIONAL EXPERIENCE

Freelance Software Engineer
Twine (Remote)

December 2024 - Present

- Developed a serverless e-commerce platform using **Java (Spring Boot), React**, and **Vue.js**.
- Integrated **RESTful APIs** and optimized **SQL/T-SQL** queries for backend processing.
- Deployed microservices on **AWS Lambda/S3**, following **DevOps** and **SDLC** practices.
- Implemented **Stripe payments**, real-time logging with **CloudWatch**, and simulated **IoT event handling**.

- Built a full-stack **driving test booking** app using **ASP.NET Core**, integrating **RESTful APIs** with **SQL** and **Node.js/Express.js**.
- Implemented **role-based authentication**, **JWT**, and **bcrypt** for secure user access.
- Managed **developer accounts**, tools access, and **Git repositories** for onboarding/offboarding.
- Resolved system issues and supported remote teams to maintain productivity.
- Followed **Agile practices** and deployed via **CI/CD pipelines**, improving delivery time by **25%**.

- Built an interactive **Android game** using **Kotlin**, applying **Java OOP principles** and **event-driven design**.
- Designed **responsive UI** with **XML**, integrating animations and sound for enhanced UX.
- Used **SQLite** for data persistence, managing player data and high scores.
- Optimized performance across devices, reducing load time by **35%** and improving retention.
- Conducted testing/debugging to ensure stability and gained experience in **mobile architecture** and **UI/UX best practices**.

CERTIFICATIONS

- **Microsoft Azure AI Essentials Professional Certificate**

Issued by Microsoft and LinkedIn - March 2025

- **HackerRank Software Engineer Certification**

Issued by HackerRank - March 2025

Credential ID: ECEA0F721670

- **HackerRank Java (Basic) Certification**

Issued by HackerRank - March 2025

Credential ID: 8A9FCB60A396

- **MongoDB Basics**

Issued by and MongoDB University - October 2022

EDUCATION

Conestoga College

Post Graduate Certificate - Web Development

January 2024 - April 2025

Kitchener, Ontario

Charotar University of Science and Technology

Master of Computer Applications

July 2022 - April 2024

Gujarat, India

Dharmsinh Desai University

Bachelor of Computer Applications

July 2018 - April 2021

Gujarat, India
